

TOOLKART TOOL STORAGE SYSTEM

An economical, space-saving solution to total tool storage.

- Vertical design is ideal for machining cells
- Comes complete with top and bottom fixed-position shelves, plus your choice of three standard adjustable shelves
- Additional shelves available
- Steel frame, quality welded construction, and 2" square vertical posts with 24 slot positions to accept adjustable shelves
- Two-sided shelf capacity for maximum storage in limited space
- Heavy-duty casters provide smooth movement, with position locking
- Black coated texture finish and rubber mats for top and bottom fixed shelves
- Space saving 20" wide x 21" deep x 43" high
- Made in the U.S.A.
